IS IT RHEUMATISM?

Aren't You Really on the Wrong Track?

A good share of so-called rheumatism is caused by weak kidneys. When the kidneys fail to clear the blood of uric acid, the acid irritates the delicate nerves. Torturing pains dart through the affected part whenever it is moved. By strengthening the kidneys, Doan's Kidney Pills have proven their worth in thousands of so-called rheumatic cases, lumbago, sciatica, gravel, and urinary disorders. Doan's are well known in Norway and warmly recommended by Norwegian people. Read this Norway case:

Mrs. F. L. Starbird of South Paris, who formerly lived in rear Beals Hotel, says: "Doan's Kidney Pills have been an old standby with me for years. At times my kidneys don't act as they should or my back aches. I often have blinding dizzy spells and rheumatic trouble when my finger joints seem to swell and are painful. I always use Doan's Kidney Pills at these times and they quickly relieve and cure me of the attack. I can't say enough in praise of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Starbird had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FRYEBURG TOWN MEETING 1923

Just another year rolled round—hardly wait to hear the sound of the Moderator's gavel. And town's troubles to unravel. Surprised me with elation to accept an invitation from neighbor Kerr to ride with him. Groomed our pipes full, to the beam. Judged each other—feeling great. While our smoke rolled back, like a local freight. And John, he vowed that changes was slim. For another team to slip past him. For Jerry surely was going strong. You bet he stepped up right along. Through the covered bridge, and past the farms. And never slackened at "Thank-yes-marms." Till he brought us safely to the Hall. Which on March meeting, welcomes all. And what a crowd had gathered there. To stomp and scuff—for the keen March air. Had painted crimson, the ladies' cheeks. While us old timers, had crimson beaks. We soon thawed out by the friendly glow. Of the big box stove—and so. When the chairman sternly gave his call. He found us eager—one and all. To denounce a messenger, or acclaim. Some silent, and some seeking fame. Chan' Buzzell, elected to preside. And he made it plain to all inside. That it surely was going to help out some. If that "Babel of voices" should come to hum. For "Selectman," Barker, took defeat and true. With Webb and Charles, as members new. And that best efforts, be tried, we knew. We gave their salary quite a boost. "Then for Treasurer, please take note," George Warren, by unanimous vote. Coleman for school board, and Eunuch Pike. But the vote was close and they had to hike. For the whole Mud City delegation. Had their own ideas on each side. But Jerry Keefe said, "Vote yours." The way he peddled out their goats. A few more votes would gain glory. When we had a real story. "Read Commissioner's Next." Will Leavitt, William wants it—let him have it. When Sullivan Barker, can gain renown. (And receive the kicks) his end the town. Friend Judge Masson took defeat and true. With a bangup speech that was short and sweet. And there's nothing I like to see so well. As a crowd that's under the Judge's spell. "How'll we have our tax collected?" Lowest bidder's to be selected. And the town folks laid out a pair. When it went far lower than it's been before. Susan Baker heard "Putt call." She gets the "honors" and that's about all. "For Fire Ward," Bring in your vote. This time Fred Haley, please take note. When Newman's auditor, by his illumination. After a year's enforced vacation. "Constables next, in order name." "First Mrs. Baker, and gain more fame. But in peaceful Fryeburg, the job's a cinch. And we hope she'll find no one to pinch!" I'll say a word about the first indeed. That such-and-such should be elected elsewhere. Those women folks know how to bake. And the Oustard Pie! Boy! Takes the cake. Then Jackson comes appropriations. What always brings ejaculations. For part of the town will all declare. That such-and-such should be elected elsewhere. But after each argument is ended. We generally vote what's recommended. Vainosity Road caused some commotion. Thought they'd ought to have their portion Of the money we expended. Olive thought the view was splendid. And then (just as we expected) Fredrick Keene, chiming in, Fredrick (all the hall was in a din) "Isn't safe," so Fred allows: "Out that road to drive my cows." Johnny Goldthwaite thought the road Should be fixed, and bushes mowed; "Want money all to go— Not for riding to and fro— Thought the crew should work each day Full eight hours anyway. Then J. C. the ladies' champion, His store teeth began to clump. So the townsmen all gave in. And Bor Pond road shall have it's 'tin! Then Jim Eastman drew attention To the Lovell Road Extension. Thought if some sum we could muster, He would pull strings at Augusta. Thought if patiently we'd wait, He'd coax a like sum from the state. To improve with pick and shovel Our highway from here to Lovell. The most important motion? Hark! Five hundred to improve our park. Committee would care to get in 'gear. And make some showing with this sum. (If they don't, next year you'll hear things hum.) "For fighting fires—Two hundred dollars." Then up jumps Keene's son and hollers. That he should think this sum immense. And should come out of "Current Expense." He said we'd borrowed quite a lump. But here friend Fredrick got a bump. For Tom Charles vowed for all he knewed. That a thousand plunks was all we owed. And offered by way of explanation. That that was for revaluation. So after that we staided down. Some questions might have brought a frown. But quickly most of them threshed out. Some won't be pleased, without a doubt. But, if alike we'd all agree. What need of meeting would there be? And now that I have done my chore, Why, I'll ring off 'till '24. —C. R. MILLS, Fryeburg.

FRYEBURG

Mrs. Ellen Keefe

Mrs. Ellen, widow of Michael Keefe, died at her home Saturday morning after a lingering painful illness. It was on the fourth anniversary of her husband's passing on, that Mrs. Keefe died. Mrs. Keefe was a devoted wife and mother, always devoted to her home. Mrs. Keefe leaves four sons, James, who made his home with his mother, John who lives in Wrentham, William and Richard also of Fryeburg; one daughter, Margaret, Mrs. Fred Poor who resides in Portland. Mrs. Keefe was tenderly cared for by her children who were most attentive to her during her long illness.

The funeral was held Tuesday when all her children were present and a large delegation of friends. Many beautiful flowers showed the esteem in which Mrs. Keefe was held.

Owing to the fact that Bert Webb is Post Master at North Fryeburg he will be unable to serve on the board of selectmen and it will therefore be necessary to call another meeting. Everyone seemed pleased with the officers as elected.

Mrs. Victor Emerson was sick the past week, so the doctor was called.

Annie Richardson and Daphne Barker were home over the week end from Fryeburg Academy.

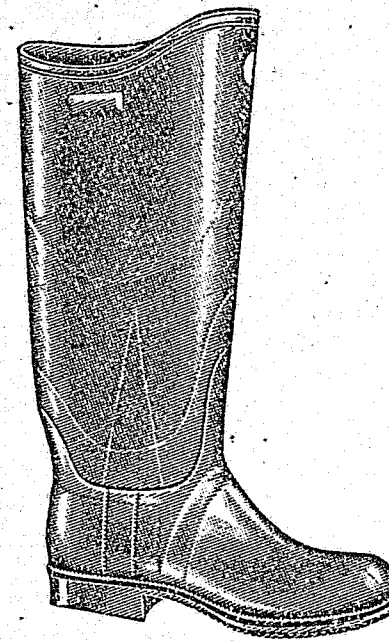

Clement McAlister and Rebecca Bubier of Harrison visited his parents over the week end.

School closed Friday for a two weeks vacation. Salvina Wynn, the teacher, is visiting at her home in Waterville.

Clement, McAlister and father, Grant McAlister, went to Conway and Intervale, N. H., Monday, where Clement bought a new horse.

A FAVORABLE TENDENCY

One of the most favorable developments of the last few years, as far as the farmer is concerned, is the tendency toward greater co-operation with each other.

One government authority says that the growth of co-operation among farmers is one of the most important developments of our economic progress. He further states that this movement will not only benefit the agricultural interests, but the nation as a whole.

The Norway National Bank has always emphasized the importance of co-operation, between the banks and the agricultural interests and between the farmers and dairymen themselves. We are always ready to do our part.

A TRIP TO FLORIDA

By Lydia Lord Shedd
Jan. 15th a trip was made by auto to Fort Pierce and Palm Beach, visiting many places of business at Fort Pierce and taking pictures of interest. Our ride took us along the banks of Indian River on the Dixie Highway. The banks were bordered by beautiful palms of many varieties, wonderful shrubs and flowers, beautiful vines and moss hanging from the trees, saw many coconuts on the coconut palms. Indian River is two and one-half miles wide.

Fort Pierce has many churches, library, chamber of commerce, clubrooms, stores, hotels, a public park, movie theater, ice plant, cold storage and fruit packing plants, garages, machine and carriage shops, saw mill, novelty works, lumber yard, ice cream factory, bottling works, shoe shops and bakery. The population is 3,000. One paper is printed here, the "Newport Tribune." The new Fort Pierce Hotel is a fine building, accommodates 250 people. A large fishing business is done here. There are fine Artesian wells, 300 to 500 feet deep.

Splendid fields of pineapple are seen all along the way. Once the pineapple was supposed to be protected from the sun in order to have it thrive. There are many trellises covered with vines to be seen on the way, that were built to protect the pineapples years ago that are now discarded. The fruit now growing in the open fields. Splendid groves of orange and grapefruit. Other fruits are grown along the way; lemons, bananas, kumquat, limes, guava pears, mulberries, gooseberries, persimmons, citron, pomegranates.

We crossed St. Lucie River bridge. St. Lucie County grows many kinds of vegetables as also Irish potatoes, sweet potatoes, cabbage, beans, lettuce, peppers, egg plant, velvet beans, celery, squash, cauliflower, water melons. Hundreds of acres of sugar cane are planted in this county. The cane is grown and the joints are taken all except the first three or four of the top ones, which are no good. A little trench is dug and each joint is laid in one place. There is a sprout on each joint. The joints 5 or 6 inches apart. The cane blossom is very beautiful. A tall silvery plume of silken texture.

This week is the St. Lucie County Fair week an account of which will be given later. Passed a large stock farm at Prairie, many cypress swamps here. The trees along the way were all leaning toward the North, caused by the wind blowing almost continuously from the south it is thought. They were very noticeable, having a pronounced North cant. Live oaks with the air plants in blossom all over them, Pussy willows in bloom, leaves starting from the maples, Feb. 1st is spring here. This country raises a large amount of stock, poultry, swine and bees. Saw many bee hives, passed a farm near Palm Beach where alligators and ostriches are to be seen.

In all of our travels we have never seen any buildings that could compare in beauty or structure with some of those at Palm Beach. A wonderful and beautiful building is the hotel "Royal Palm" one of the largest hotels in the world. The tropical garden of this hotel are among the first in the world, where tropical flowers and shrubs grow in profusion.

The winter home of Charles I. Osgin the "Garden of Eden" has coconuts, date and travelers palms and beautiful hibiscus. The most popular entertainment in Palm Beach are the afternoon teas and dancing in the palm groves. Palm Beach Country Club is a fine building also Everglades Club. The Breakers is a beautiful hotel. Other hotels are magnificent. A lovely drive through the Royal Palmway and the Lake Shore Road. The Afro-Mobile, a large comfortable chair for two, all white and propelled on a bicycle by a negro is a wonderful little carriage seen everywhere on the fine drives in Palm Beach. Other hotels are Palm Beach Hotel, Hibiscus and Clinton. There are many restaurants and cafes, several churches and banks, a number of newspapers and magazines are printed here. The Casino fronting the ocean and the lovely beach has these words across the front in large letters, "Welcome To Our Ocean." Here is fine surf bathing and swimming pools. Some little buildings thatched with palmetto and furnished with seats to accommodate all are fine resting places.

HARRISON

(Continued from page 1)

Mrs. Mary Kneeland

Mrs. Mary (Huntress) Kneeland, widow of the late Orlando Kneeland, passed away Wednesday morning at her home on Depot Street, where she had lived for the past years.

Mrs. Kneeland was born in this town, the daughter of Hosea and Eliza Huntress and was nearly eighty years of age. Mr. and Mrs. Kneeland were popular hotel keepers for many years and conducted this business at Norway, Harrison, Sebago Lake, Fryeburg and Hallowell. They made many friends at all of these places.

Mrs. Kneeland leaves two sisters in town, Mrs. Seth Keen and Mrs. Hattie Halland, a host of friends who are saddened by her death.

Funeral services were held at her home on Friday at two o'clock. Rev. L. W. Witham spoke words of comfort and the burial took place in the family lot at Harrison cemetery. The bearers were B. W. Harmon, M. H. Pitts, D. Maroque and A. W. Dudley.

Mr. and Mrs. M. H. Pitts entertained the past week Miss Marion Adams, R. N. of Portland.

Mrs. Dora Davis, who has been working in Portland, is at her home on Main St. Mr. and Mrs. Andrew Wheeler have been ill with severe colds.

Mrs. W. H. Guilford of Auburn was in town, Saturday.

Hattie Dewitt has finished work at Norman Edison's and is now working at Clinton Stuart's on Main street.

William Briggs, who has been in Portland for a number of weeks on the jury, is at his home, Floral Lawn Farm.

Mrs. H. R. Denison is in Norway with her son Lawrence Denison and family, for a few weeks.

S. C. Pitts has been confined to his home on Front street with bronchitis. Moreau Burnham is very ill with the flu at his home on Main street.

P. E. Spaulding, who has been ill for several weeks, returned Monday to his duties at the station.

Mrs. Clinton Stuart, who has been very ill with the flu is slowly improving.

Mrs. J. C. Edgerly left this week for Portland and Boston for several weeks' visit with friends and relatives.

Brown will assist at the Edgerly home during her absence.

Mrs. F. C. Green and Mrs. A. P. Stanley went to Bolster's Mills last week, where they attended the Eastern Star meeting.

The Town of Harrison

At its annual meeting held March 5, the following officers were chosen:

Moderator—Dana M. Stuart.

Town Clerk—Margaret E. Ward.

Selectman for three years—E. B. Ward, making the board stand as follows: 1st, A. W. Weston; 2nd, L. S. Buck; 3rd, E. B. Ward.

Treasurer—A. F. Stanley.

Superintendent School Com.—Samuel L. Pitts, making the board stand as follows: F. H. Stewart, W. D. Chase and S. L. Pitts. Constables—D. M. Stuart and E. B. Ward. Collector—Charles D. Stewart at 1 1/2 %.

Auditor—P. E. Spaulding.

Agent—N. Abbott.

Mrs. Ward, who was re-elected to serve as town clerk is one of the few women in the county to hold this position and as is shown by her re-election, is giving excellent satisfaction.

The other officers to be appointed by selectmen

The following amount of money was raised:

Town charges and support of poor, \$6,000.00

Common school, 6,000.00

Text books and supplies, 450.00

Repairing and cleaning schoolhouses, 800.00

Highways, 5,000.00

Lights in Harrison village, 604.00

High schools, 1,200.00

For road from twin bridges to Harrison, 2,500.00

TOWN MEETING

What did you take to town meeting this year? Not in your pocket but in your gizzard. Was it an old grudge to be squared off, a pet aversion to be pampered, or a fight for yourself or some of your folks?

What about an interest in the town and its welfare? We groan in despair because the best families leave town and then our town meetings are enough to make the population flee into Egypt. The brown taste the next day is something awful.

Two thirds go to do something they have been told to. Someone has smiled and patted them on the back and it is town meeting day and that is the whole of it.

Our town meetings are of more importance than the legislature at Augusta, because they are the foundation of it all. One day is long enough, two days would be better. The first day, for straw votes and grudges and to get the puke out of us and really do business the second. As it is now, we far better select a dozen people that know something and the rest stay at home. Gray matter in the top of one's head is the only possible excuse for going to town meeting.

Norway's Permanent Roads
Lawrence M. Carroll, prominent shoe manufacturer of Norway, places the town in the line of light with a concise statement of facts in the Concrete Highway Magazine as follows:

"Nineteen sixteen marked the beginning of durable pavement construction in the village of Norway, and in Oxford County as well. In that year, Main Street, County as well as the village, was paved with concrete through the business district. The splendid service rendered by this concrete pavement under the heaviest traffic in Norway, was confirmed our opinion that it was the best type of pavement for our use, and we have since built more until there are now many miles of concrete roads and streets in the county. Even the notably severe Maine winters, with a frost penetration of four to five feet, have not injured the slabs. These pavements are one of the community's biggest assets.

Norway's standing as one of Maine's well known summer resorts, and partly upon the shoe manufacturing industry located there. It is also the center for large lumbering interests. All these activities contribute to the traffic carried by the highways of the village and the particular is used during the summer by multitudes of tourists, and during the entire year by motor trucks and wagons hauling freight to and from the railway station. Combined with the other traffic, the heavy trucks engaged in lumbering formerly made all efforts to keep the street in good condition fruitless. In contrast, practically no maintenance has been required on the concrete pavement since its construction. The paved width of Main Street is 45 feet which includes a concrete car track strip along the center.

Norway enjoys a reputation as a village of attractive homes and orderly streets. Because of the large number of horse-drawn vehicles still in use, a street cleaner is employed, but with his help, the surface is maintained clean and sanitary at all times. Concrete against a striking contrast to the old stone surfaces, which could not be kept in a sanitary condition.

During 1919, the Board of Trade of Norway and the adjoining town of South Paris conducted a campaign for a bond issue to provide funds for paving the village and the town. When the question was put at a town meeting, the voters approved the proposal, making approximately \$80,000 available for concrete highway construction. Contract for the work was let in 1920 to J. H. Kerr, Rumford, Me. After the pavement was completed, a bus line was placed in operation, furnishing convenient transportation between the two villages.

Still further need for pavements was felt in Norway, and in 1921 South Main and Cottage Streets were concreted. Because of the great width of these broad streets between curbs, the concrete slab was made only 18 feet wide. This width is serving satisfactorily in these residential sections.

With a 4 1/2 mile stretch on the Norway-Oxford road, also built in 1920-21, the district around Norway is well served by concrete. The best-paved village in the state. The wisdom of choosing concrete is now unquestioned, just as the need for improvement of the old macadam and gravel surfaces was undebatable. We feel that at last our street troubles are at an end."

Norway Grange held a very interesting session at its regular meeting on Saturday. The ceremony for granting the charter was used and carried out in a most impressive manner. The Grange has lost by death four of the older members in the last two weeks. The altar was decorated with pinks.

The program consisted of musical selections by Annie Abbott, Address on "Washington" by Judge C. P. Whitman and a question box. The discussions were good and to the point.

The next meeting will be in two weeks at 1:30. The usual picnic dinner at noon.

At a meeting of the advisory board of the Norway Council for Boy Scout activities, Elton L. Brown was chosen president, other members are D. L. Joslin, Chester P. Gates, Rev. O. L. Barnard, Z. L. Merchant, James N. Fawcett, Fred Pike and Frank E. Decoster are members ex-officio.

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Olean, N. Y. — "Every month my blood would go to my head and I would have such a headache, nosebleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to be better, and my back did not hurt me nor my head ache. I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it." — Mrs. A. D. EARLS, 630 N. 5th St., Olean, N. Y.

Make \$13 More Per Cow

Free Book for Dairy Farmers Tells How to Cut Out Waste; Gives Valuable Building Hints

Do you know that the manure produced by one cow in twelve months contains fertilizing elements valued at \$3.00? And do you know that one-third, or \$1.00 of this amount is lost in the course of a year through improper handling? By providing a simple easy-to-build pit outside the barn, this loss can be prevented.

Write for this Free Book, "Concrete on the Dairy Farm," and see the many money-saving suggestions it gives on the use of concrete in dairy farm improvements. Properly housed dairy cattle return greatest profit on the investment. This free book is recommended as a simple guide to 100% efficiency and economy in building on the dairy farm.

Fully illustrated with diagrams and pictures. Shows how to build barns, milk houses, silos, icehouses, cooling tanks, paved barnyards, manure pits, water supply systems, etc.

Section 102. Every owner or keeper, on the first day of April, of a dog more than four months old, shall annually before the tenth day of said April, cause it to be registered, numbered, described and licensed for one year, commencing with the first day of April, and in the office of the clerk of the city or town where said dog is kept, and shall keep around its neck a collar distinctly marked with the owner's name and its registered number, and shall pay to said clerk a license the sum of one dollar and fifteen cents for each male dog and for each female dog incapable of producing young so kept, and five dollars and fifteen cents for each female dog capable of producing young. PENALTY FOR KEEPING UNLICENSED DOG

Baltimore Woman's**Message to Mothers**

At 820 W. Hayward Ave., lives Mrs. Henry Johnson, who a few weeks ago wrote that may be termed a good message to all mothers. She said: "I have used Dr. True's Elixir for more than ten years and know it is good." She used Dr. True's Elixir, the True Family Laxative and Worm Expeller, to rid her children of worms. There is hardly a child but what needs Dr. True's Elixir, for they all usually have worms when growing up. Mrs. Johnson appreciates what Dr. True's Elixir accomplishes. Your children will be in better health through its use.
